

MAKE-YOUR-OWN LAMPSHADE TABLE

YOU WILL NEED:

- A wire lampshade (not a drum shade as they are just plastic, it must have a wire frame that will support when fabric is removed)
- A baking tray/pizza tray
- Paint

STEP 1. REMOVE LAMPSHADE

Start by removing the lamp shade fabric.

STEP 2. CLEAN

Clean the shade and tray thoroughly, removing any grease.

STEP 3. SPRAY

Spray the items with paint or paint with brush and a satinwood or metal paint. (Optional)

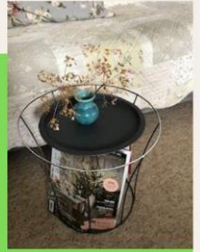

STEP 4. ASSEMBLE

Once dry, pop the tray on top of the shade and viola, you got yourself a handy coffee table! Mine fit perfectly in place on the lampshade, but if not, drill holes in tray and secure with wire.

STEP 5. REASSEMBLE

You could also turn it upside down and use it to hold magazines or books. 2 for 1 and up-cycled! What more could you want?

It is recommended to always take safety precautions when performing crafts and activities. Always follow the labels of the materials and supplies used. My Waste Ireland shall not be held responsible for any damages as a result of any activities contained with this website.

Always use judgment on age-appropriateness and do not let children under 3 participate with any small materials or supplies that could pose a choking hazard. It is recommended that all activities and crafts be performed only under adult supervision.
